

Join the fundraising revolution and efficiently raise more than you ever thought possible

THE PREMIER ONLINE DONATION PLATFORM

Raise more money in less time with the Adrenaline Fundraising System

TECHNOLOGY UTILIZED

The Wefund4u Online Donation Platform does just that and brings technological advancements into your fundraiser.

By harnessing the power of the internet and combining email, Facebook, Twitter, Google Plus and text messaging with long established fundraising principles, we have created an easy step-by-step process that will quickly raise more money than you ever thought possible.

HERE'S HOW IT WORKS:

1. Students join the fundraiser online
2. They input emails & post to social media
3. The Online platform does the rest
4. Your organization sits back & collects the money

About this Fundraiser

Campaign message

We are currently running an online fundraiser to help raise money and to ensure we have a successful season. The donations will be used for travel costs, entry fees, and equipment. We need to raise the funds necessary to off-set growing costs and we are looking to our families, friends, and community for help. Please take 5 minutes and donate whatever you can; even the smallest donation makes a difference. Each athlete has a goal of raising \$350.00 for the fundraiser, so please donate and help them get there. If you do not like "donation only" programs we also have the \$25 APAY membership available with this campaign. The APAY app
